

Early Childhood Teacher for our Nursery in Heidelberg

Position available from December 1st 2018

What we expect from a candidate:

- You have a degree/qualification on Early Childhood education, Childhood Psychology or similar
- You are an English **native** speaker or on native proficient
- You have at least 2 years of teaching experience with young learners
- You are committed to offer pedagogical support and care to young learners aged 0 to 3
- You are able to create and maintain an environment for creative and playful development of the children under your care
- You can work in cooperation with parents and the Kindergarten management
- You are self-motivated and can work in a multicultural, multi professional team, students and families
- You are empathic to the students emotional and developmental needs
- You are enthusiastic and passionate about working with young learners
- You have great organization and time management skills
- You can document the young learners progress
- You are ready to promptly relocate to Germany and become a member of our international family

What we offer you:

- We offer attractive staff development opportunities
- A positive work environment with an experienced, and professional team
- Attractive wage and employment conditions
- Job Ticket (Transportation support)
